Training in local community of Municipality Beočin

- **Training of local community in soil erosion protection and flood prevention – Beočin, Vojvodina Province, Serbia**
 - October 28th, 2021; Beočin; Municipality Of Beočin
- **Objectives:**
 - To inform, make aware and disseminate learning about the achievements of recent state and trends in soil erosion and torrential floods to selected industrial and communal utility sectors;
 - To increase skills, knowledge and competences about the soil erosion and torrential floods protection.

Co-funded by the
Erasmus+ Programme
of the European Union

Training in local community of Municipality Beočin

Sixteen participants from 7 institutions participated at the Minutes of the promotion trainings in local community of municipality Beočin.

No.	Name of the participant	Institution/Organization
1.	<u>Đurđević Stevan</u>	Municipality <u>Beočin</u>
2.	<u>Jakopović Sanja</u>	Municipality <u>Beočin</u>
3.	<u>Drljača Tanja</u>	Municipality <u>Beočin</u>
4.	<u>Branković Dragan</u>	Municipality <u>Beočin</u>
5.	<u>Rakić Gordana</u>	Public communal company " <u>Beočin</u> "
6.	<u>Bojanić Miloš</u>	<u>Prowood-project doo</u>
7.	<u>Todić Miroslav</u>	Public communal company " <u>Beočin</u> "
8.	<u>Vulević Tijana</u>	University of Belgrade, Faculty of Forestry
9.	<u>Baumgertel Aleksandar</u>	University of Belgrade, Faculty of Forestry
10.	<u>Momirović Natalija</u>	Institute of Forestry
11.	<u>Katarina Lazarević</u>	University of Belgrade, Faculty of Forestry
12.	<u>Lazić Radomir</u>	Ministry of Interior, Emergency management sector
13.	<u>Blagojević Boško</u>	University of Novi Sad, Faculty of Agriculture
14.	<u>Savić Radovan</u>	University of Novi Sad, Faculty of Agriculture
15.	Bezdan Atila	University of Novi Sad, Faculty of Agriculture
16.	<u>Vranešević Milica</u>	University of Novi Sad, Faculty of Agriculture

Training in local community of Municipality Beočin

- Prof. dr Boško Blagojević opened the meeting and welcome participants. The meeting covered several topics: joint master study program, soil erosion and prevention of torrential floods in Serbia, application of remote sensing in excess water detection, Institutional organization of flood defense and the experience of European countries in the prevention of floods .
- Prof. dr Atila Bezdan, doc. dr Tijana Vulević and Msc. Katarina Lazarević gave the overview of the SETOF project objectives, content (work packages), main deliverables, and information regarding the joint master study program including the list of obligatory and elective subjects and teachers .
- Prof. dr Radovan Savić, prof. dr Milica Vranešević and Msc. Aleksandar Baumgertel, provides some inside into soil erosion and torrential floods problem and prevention in Serbia.
- Prof. dr Atila Bezdan gave some overview of application of remote sensing in excess water detection.
- Prof. dr Boško Blagojević gave the overview of institutional organization of flood defense.
- Msc. Natalija Momirović provide a history of experience of European countries in the prevention of torrential floods, including Bulgaria, Northern Macedonia, Italy, and Austria.

**Soil Erosion and TOrrential Flood
Prevention: Curriculum Development at the
Universities of Western Balkan Countries**

Training in local community of Municipality Beočin

Each presentation was followed by a discussion. Also the discussion was facilitated at the end of the training.

The member of the SETOF project and training participants discussed the previous works on erosion and torrential flood prevention, good and bad examples of the constructed objects, and future activities in that municipality.

The conclusion is that Promotion trainings in local community of municipality Beočin were successfully realized. All material from the meeting is sent to the project participants.

Training in local community of Municipality Bačka Palanka

Twenty participants from 5 institutions participated at the Minutes of the promotion trainings in local community of municipality Bačka Palanka.

No.	Name of the participant	Institution/Organization
1.	<u>Tankosić Dušan</u>	Municipality <u>Bačka Palanka</u>
2.	<u>Časak Ana</u>	Municipality <u>Bačka Palanka</u>
3.	<u>Popin Radoslav</u>	Municipality <u>Bačka Palanka</u>
4.	<u>Fodora Milan</u>	Public communal company " <u>Komunalprojekt</u> "
5.	<u>Ivić Ana</u>	Municipality <u>Bačka Palanka</u>
6.	<u>Lalić Nikola</u>	Municipality <u>Bačka Palanka</u>
7.	<u>Majkić Miloš</u>	Public communal company " <u>Komunalprojekt</u> "
8.	<u>Tr Dunja</u>	Municipality <u>Bačka Palanka</u>
9.	<u>Rajšp Dejan</u>	Municipality <u>Bačka Palanka</u>
10.	<u>Piplipović Stevan</u>	Municipality <u>Bačka Palanka</u>
11.	<u>Ganić Nadežda</u>	Municipality <u>Bačka Palanka</u>
12.	<u>Radovanov Velimir</u>	Municipality <u>Bačka Palanka</u>
13.	<u>Katarina Lazarević</u>	University of Belgrade, Faculty of Forestry
14.	<u>Momirović Natalija</u>	Institute of Forestry
15.	<u>Vulević Tijana</u>	University of Belgrade, Faculty of Forestry
16.	<u>Baumgertel Aleksandar</u>	University of Belgrade, Faculty of Forestry
17.	<u>Savić Radovan</u>	University of Novi Sad, Faculty of Agriculture
18.	<u>Blagojević Boško</u>	University of Novi Sad, Faculty of Agriculture
19.	<u>Bezdan Atila</u>	University of Novi Sad, Faculty of Agriculture
20.	<u>Vranešević Milica</u>	University of Novi Sad, Faculty of Agriculture

Training in local community of Municipality Mionica, Valjevo

Thirty participants from 7 institutions participated at the Minutes of the promotion trainings in local community of municipality Mionica, Valjevo.

No.	Name of the participant	Institution/Organization
1.	Boban Jankovic	Municipality
2.	Zeljko Radovanovic	Municipality
3.	Zeljko Maksic	Municipality
4.	Marina Bojinovic	Municipality
5.	Vladimir Stankovic	Municipality
6.	Milos Beljic	Municipality
7.	Aleksandar Jovanovic	Municipality
8.	Nebojsa Djukic	Municipality
9.	Jasmina Markovic	Municipality
10.	Sandra Rangelov	Red Cross
11.	Milutin Milovanovic	Municipality
12.	Katarina Lazarevic	University of Belgrade, Faculty of Forestry
13.	Stanimir Kostadinov	University of Belgrade, Faculty of Forestry
14.	Radivoje Momirovic	Sector for emergency management
15.	Radovan Savic	University of Novi Sad, Faculty of Agriculture
16.	Bosko Blagojevic	University of Novi Sad, Faculty of Agriculture
17.	Atila Bezdán	University of Novi Sad, Faculty of Agriculture
18.	Nenad Zivanovic	Sector for emergency management
19.	Darko Jevtic	Municipality
20.	Tomislav Stefanovic	Institute of Forestry, Belgrade
21.	Tijana Vulevic	University of Belgrade, Faculty of Forestry
22.	Milovan Lekic	Municipality
23.	Zoran Citakovic	Public Utility Company 'Vodovod Mionica'
24.	Dragan Djosic	Municipality
25.	Dragana Nenadovic	Municipality
26.	Aleksandar Kovacevic	Municipality
27.	Nada Dragovic	University of Belgrade, Faculty of Forestry
28.	Aleksandar Bamgertel	University of Belgrade, Faculty of Forestry
29.	Sonja Braunovic	Institute of Forestry, Belgrade
30.	Natalija Momirovic	Institute of Forestry, Belgrade

Training in local community of Municipality Mionica, Valjevo

- MSc Natalija Momirović and Boban Janković, Mayor of Mionica, opened the meeting and welcome participants. The meeting covered several topics: project SETOF and joint master study program, soil erosion and prevention of torrential floods in Serbia, Institutional organization of flood defense and Role of local communities in torrential flood risk management and soil erosion protection .
- Prof. dr Nada Dragović, gave the overview of the SETOF project objectives, content (work packages), main deliverables, and information regarding the joint master study program including the list of obligatory and elective subjects and teachers .
- Doc. dr Tijana Vulević , MSc Katarina Lazarević and MSc Aleksandar Baumgertel, provides some inside into soil erosion and torrential floods problem and prevention in Serbia.
- Prof. dr Boško Blagojević, prof. dr Atila Bezdan and prof. dr Radovan Savić, gave the overview of institutional organization of flood defense.
- MSc Natalija Momirović, dr Tomislav Stefanović and dr Sonja Braunović talked about the role of local communities in torrential flood risk management and soil erosion protection.
