Summary

This document reports the Minutes of Training in the field of soil erosion and torrential floods prevention in local community Užice within a SETOF project of the Erasmus+ Capacity Building in the Field of Higher Education project “Soil Erosion and Torrential Flood Prevention: Curriculum Development at the Universities of Western Balkan Countries” (SETOF) held on November 9th, 2022, in Užice, Serbia.

List of attendees

Fifteen participants from six institutions participated in the Training in the field of soil erosion and torrential floods prevention in local community Užice. The list of attendees is present below.

No.	Name of the participant	Institution/Organization
1.	Zoran Militarov	City Government
2.	Jugosalv Jovanović	JVP “Srbijavode”
3.	Milojko Jovanović	the Service for emergency situations
4.	Predrag Stojković	the Service for emergency situations
5.	Radmila Dabić	Police, the Service for emergency situations
6.	Dragomir Ćirić	Red cross
7.	Vladimir Mašulović	City Government
8.	Katarina Grujičić	City Government
9.	Ljubica Janković	City Government
10.	Radoje Stojić	City Government
11.	Mihailo Borović	City Government
12.	Nada Dragović	University of Belgrade, Faculty of Forestry
13.	Tijana Vulević	University of Belgrade, Faculty of Forestry
14.	Mirjana Todosijević	University of Belgrade, Faculty of Forestry
15.	Katarina Lazarević	University of Belgrade, Faculty of Forestry

The topics covered by this meeting were the following: Project SETOF and joint master study program, Soil erosion and torrential flood prevention in Serbia and Role of local communities in torrential flood risk management and soil erosion protection. Prof. dr Mirjana Todosijević gave the overview of the SETOF project objectives, content (work packages), main deliverables, and information regarding the joint master study program including the list of obligatory and elective subjects and teachers from two or more universities engaged in the development of the syllabuses and conducting teaching activities. Prof. dr Tijana Vulević provided some insights into soil erosion protection and torrential floods prevention in Serbia. MSc Katarina Lazarević talked about Role of local communities in torrential flood risk management and soil erosion protection. The members

of the SETOF project and attendees discussed about the previous works, good and bad examples and future activities in soil erosion and torrential flood prevention.

Conclusions

The conclusion is that Training in the field of soil erosion and torrential floods prevention in local community Užice was successfully realized. All material from the meeting will be sent to the project participants.
