Project acronym	SETOF
Project reference number	598403-EPP-1-2018-1-RS-EPPKA2-CBHE-JP (2018-2579/001-001)
Coordinator	University of Belgrade
Project start date	November 15, 2018
Project duration	36 months

## DOCUMENT CONTROL SHEET

Ref. No and Title of Activity	<b>WP5 Dissemination of project results</b>
Title of Deliverable:	<b>Minutes of the Training of employees in local communities in the field of soil erosion and torrential flood prevention</b>
Institutions:	University of Belgrade
Author/s of the deliverable	Katarina Lazarević
Status of the document:	final

## Summary

This document reports the **Training of employees in local communities in the field of soil erosion and torrential flood prevention** of the Erasmus+ Capacity Building in the Field of Higher Education project “Soil Erosion and Torrential Flood Prevention: *Curriculum Development at the Universities of Western Balkan Countries*” (SETOF) held in Kraljevo, Serbia on June 09<sup>th</sup>, 2022. The moderator of the event was Tijana Vulević from the Faculty of Forestry, University of Belgrade.

## List of attendees

Thirteen participants were present at the **Training of employees in local communities in the field of soil erosion and torrential flood prevention**. The list of the participants - project members from the University of Belgrade – Faculty of Forestry, is presented in the table below. The other participants were employees in the municipality.

No	Name of the participant	Institution/Organization
1.	Nada Dragović	University of Belgrade, Serbia
2.	Tijana Vulević	University of Belgrade, Serbia
3.	Katarina Lazarević	University of Belgrade, Serbia

Assistant Professor Tijana Vulević opened the meeting. The major of the local community Kraljevo, Predrag Terzić welcomed participants. Full Professor Nada Dragović coordinator of the SETOF project gave an insight into the joint master's program and SETOF Project. Assistant Professor Tijana Vulević presented the “Soil erosion and torrential flood prevention in Serbia”, and MSc Katarina Lazarević spoke about the “Role of the local municipality in soil erosion and torrential flood risk management”.

## Conclusions

The conclusion is that the **Training of employees in local communities in the field of soil erosion and torrential flood prevention** held on June 09<sup>th</sup>, 2022 in Kraljevo was successfully realized. All material from the meeting will be sent to the project participants.
