

PROJECT INFO

Project title	Soil Erosion and Torrential Flood Prevention: Curriculum Development at the Universities of Western Balkan Countries
Project acronym	SETOF
Project reference number	598403-EPP-1-2018-1-RS-EPPKA2-CBHE-JP (2018-2579/001-001)
Coordinator	University of Belgrade
Project start date	November 15, 2018
Project duration	36 months

MINUTES

2nd Working meeting between Project partner University of Sarajevo and University of Niš

DOCUMENT CONTROL SHEET

Ref. No and Title of Activity	WP3 Development
Title of Deliverable	Minutes of the Activity 3.2. New master programme implemented
Institutions	University of Sarajevo, Faculty of Forestry
Author/s of the deliverable	Muhamed Bajrić
Status of the document	Final

Project number: 598403-EPP-1-2018-1-RS-EPPKA2-CBHE-JP (2018 – 2579 / 001 – 001)

Summary

This document represents report: Minutes of the Activity 3.2. New master programme implemented within a SETOF project of the Erasmus+ Capacity Building in the Field of Higher Education project "Soil Erosion and Torrential Flood Prevention: Curriculum Development at the Universities of Western Balkan Countries" (SETOF) held in University of Sarajevo, Faculty of Forestry, at the premises of the Faculty of Forestry on 26th September 2022.

List of attendees

Seven participants from 2 partner institutions participated at the meeting related to Activity 3.2. New master programme implemented at University of Sarajevo, Faculty of Forestry, Sarajevo, Republic of Bosnia and Hercegovina. List of attendees is present below.

No.	Name of the participant	Institution/Organization
1.	Slobodan Milutinović	University of Niš, Faculty of Occupational Safety
2.	Tatjana Golubović	University of Niš, Faculty of Occupational Safety
3.	Snežana Živković	University of Niš, Faculty of Occupational Safety
4.	Dejan Vasović	University of Niš, Faculty of Occupational Safety
5.	Muhamed Bajrić	University of Sarajevo, Faculty of Forestry
6.	Emira Hukić	University of Sarajevo, Faculty of Forestry
7.	Ćemal Višnjić	University of Sarajevo, Faculty of Forestry

Meeting content

During the meeting related to the Activity 3.2. meeting participants discussed possible topics for master thesis of students aiming to address actual issues in the area of soil erosion and torrential floods protection. After coffee break participants discussed final exams of students, and how to accomplish all obligations with active inclusions of engaged teachers from both Universities. Afternoon discussion was focused on joint subjects within master study programme, possible participation of students in OESEM Conference organized by University of Niš, Faculty of Occupational Safety in November 2022. Moreover, participants agreed on methodology for master thesis related to field work. The importance of integrative approach in this regard was highlighted, where different topics can be connected later and used for joint scientific papers. Involved teachers and dedicated mentors were consulted on possible cooperation on different ideas for the master theses.

Conclusions

The main conclusion is that the meeting of the Activity 3.2. held at University of Sarajevo, Faculty of Forestry, Sarajevo, Republic of Bosnia and Hercegovina was successfully realized. All ideas about futures activities that participants discussed will be implemented in future work on the student's final exams and future work on the student's master theses.
